2. Prologue

Once upon a time...

The little mermaid

Present day

Henry was looking through his fairytale book that contains all of the original story's when he noticed something strange. "Huh, what does this picture means." he said to himself as he looked at the story of the little mermaid. The picture contained not one, but five mermaids. The first one was blond and had a blue tail, the second was blond too, but her tail was red. The third one had brown hair and her tail

was yellow. The fourth one was a blonde one again and her tail was green and the fifth one was a red-head and her tail was purple. They were in front of a beautiful island and a moon was rising above them. Henry didn't understand that there were five mermaids and began reading the story:

Once upon a time, in the deep blue sea, there lived five mermaids. Their names were Ariel, Aqua, Ariana, Alice and Alexa. Ariana, Alice and Alexa were sisters, while Ariel and Aqua were stepsisters. They hang out with each other all the time, but one day, Ariel decided to go the surface to see the humans.

Fairytale land

"Ariel, don't do it! It's dangerous there." Aqua yelled at her. "Come on Aqua, what can it hurt?" she asked and started swimming. "Come on, say something. She listens to you guys." Aqua said to the other three girls. "Well, I think it's a great idea. I'll go with you Ariel." the blonde one with the red tail said. "Alice, Ariel, you know what our parents think of humans." the mermaid with the blue tail said. "Don't be so boring Ariana, who cares what they think." Alice said and she and Ariel started going up towards the surface. "Get them girls." Ariana said and she, Aqua and the green mermaid grabbed them by their tails. Ariel and Alice kicked them off and went upstairs. As soon as the mermaids came above, they saw a ship. "C'mon." Ariel said and she started swimming towards it. Alice followed her and soon they were by the boat. Alice climbed up and looked at the people on the boat. She saw four young boys dancing to some music. Ariel climbed up to and looked at a boy with blond hair. "Isn't he cute." she said dreamingly. "Which one do you mean?" Alice asked. "The blond one." Ariel said and she pointed towards him. "I like that one over there better." Alice said and she pointed to the boy with black hair. Just then, the other three mermaids came above. "Ariel, Alice, come back here now." Ariana said angry. "No way, the sight here is just too good." Alice said and she and Ariel started laughing. The blond boy heard something and went to check it out. "C'mon, before he sees us." Alice said and she and Ariel dived into the water just seconds before the blond guy saw them. "What is it Eric?" one of the other boys asked. "Nothing Matthew, I thought I heard something." Eric answered. Then out of nowhere, a big storm appeared.

3. A vacation to Storybrooke

****Present Day****

"Well, we are we going to this holiday?" Cleo asked her friends. "I want to go to Hawaii, but you guys don't want to." Rikki said. "We could go to New York." Emma suggested. "Hawaii is way better." Rikki said to her and a discussion between the two girls came up. "You guys, this isn't going to help." Bella said. "I know it. One of us throw a pencil to a map and where it goes, it will be our destination." Cleo said. "Great idea. I've got some straws here." Emma said. In the end, Bella had the shortest straw, so she threw a pencil to a map. "Well, where are we going to?" Rikki asked. "Storybrooke, Maine." Bella said.

A few days later the mermaid gang and their boyfriends were about to enter Storybrooke when they saw a familiar face. "Charlotte." Cleo, Rikki and Emma said at the same time. "What are you doing here?" the

red-haired girl asked. "On vacation, what are you doing here?" Emma said. "I'm visiting a friend of my. By the way, nice necklaces. Where are the lockets?" "Non of your business." Rikki said and they all walked away. "Who was that?" Bella and Will asked at the same time. Cleo then told them the complete story with Rikki and Emma interrupting time to time. "Why would she do that?" Bella wondered, but the gang was already by Granny's Bed & Breakfast. "Hello, we would like four rooms please." Lewis asked an elderly woman. "Sure, I call Ruby to take you to your rooms." the woman says as the group signs in. "Ruby." the woman yells. "I'm coming!" a girl says back. "I'll take you to your rooms." the girl said and then asked. "Can I ask you a question?" "Sure." Emma said. "What are you all doing here. I mean, the last outsider here was Emma Swan and she came here a few months ago." "We are on vacation." Ash said. "Well, it's nice to meet new people. Here are you're rooms. Breakfast is surved between 07:00 and 10:00 a.m." Ruby said and then she leaves. "It looks fun here." Bella said. "There is nothing to do here and besides, Charlotte is here too!" Rikki said mad. "C'mon Rikki, I'm sure we can avoid her." Cleo said. "Who's in to look what we can do here?" Zane asked. The group left their stuff in the rooms and went to check out the town.

****Fairytale land****

A lighting bolt hit the ship the boys were on and set it on fire. "We need to go!" Matthew yelled and the boys ran to the mini-boat. They all got in, except for Eric when the boat exploded. "Help!" he screamed and he fall into the water. "Eric!" the other boys yelled. "Oh no." Ariel said under water and she swam towards Eric. "Ariel, what are you doing?" Ariana asked. "I'm saving him." Ariel answered and she took Eric to the surface. "You can't do that. Who knows what kind of punishment you get." "Ari. Act normal, will you. The boy will drown if we leave him here." Aqua said and she went to Ariel to help her. The five mermaids brought Eric to the beach, where Ariel layed down next to him to see if he was alive. To wake him up, Ariel started to sing.

"What would I give to live where you are?
>What would I pay to stay here beside you?
What would I do to see you
>Smiling at me?
Where would we walk
>Where would we run
If we could stay all day in the sun?
>Just you and me
And I could be
>Part of your world<p>

I don't know when
>I don't know how
But I know something's starting right now

>Watch and you'll see
Someday I'll be
>Part of your world."<p>

When Ariel was done singing, Eric started to wake up. Before he could see here, she was pulled back into the water by Ariana. "Who was that?" Eric said, when the other three boys walked up to him. "Eric. You're alive." the brown-haired boy said. "I was saved Derek. By a girl with a beautiful voice." "That can't be. That must be some kind of hallucionation." the fourth boy said. "No way, Lucas. She exists and I'm going to find her." Eric said and he stood up.

Second chapter is done. For every 3 reviews I will post a chapter

now, so you know what to do :)

The three blondes had the colors red, blue and green for their tails and the brunette had a yellow tail. "Shall we buy this?" Lewis asked. Cleo walked up to the counter and pressed the bell that was on the desk. "Hello." she said. "What can I do for you?" the shopkeeper asked. "We would like to know how much this statue cost?" Lewis asked. "It is 40 dollars." "So cheap." Cleo said suprised. "I can make it 50 if you want." the shopkeeper said. "No, 40 dollars is enough." Lewis said and he and Cleo both give him 20 dollars each. "Here you go. My name is mr. Gold by the way, who are you?" he asked. "I'm Lewis and this is my girlfriend Cleo." Lewis answered. Fairytale land

The five mermaids swam towards Atlantica, while Ariana was yelling at Ariel. "Don't you realise how stupid you are! He almost discovered you!" "Ariana, who cares. The important thing is that he didn't and that he is save." Alice said. "Alice, you're just as stubborn as she is." "Where were you girls?" a man said suddenly. "Just swimming around dad." Aqua said. "You girls are an hour late." Aqua's father said. "Easy, Triton. Don't you remember that when you were young, you were gone for days without telling us." "That's different. Did you girls get up to the surface?" he asked. "No." the five mermaids said. "Okay, you can go now." the mother of Ariana said and the five girls swam away. When it was dark, Ariel swam away. Ash answered. "My name is Emma by the way. Emma Swan." the woman introduces herself. "That's funny. I'm also called Emma and this is Ash." "Well, it was nice meeting you two, but I need to go. "Of course, my child. But there is only one price." "What is it?" "I want your voice." "My voice." Ariel says softly. "But how can I talk to people then." "You can't. But there is always body language." "I do it." Ariel says and the creature gets a contract. "Ariel! Don't do it!" Aqua yelles and she and the other mermaids comes out of their

"I'm Rikki and this is Zane." Rikki says. "Do you need anymore help getting those home?" Zane asks Mary. "No thank you. I'm sure it will be alright." Mary-Margeret said. "Okay. Bye then." Rikki says and the three depart.

Fairytale land

"Ariel, no!" Aqua screams, but she is too late. Ariel has signed the contract and now loses her voice and she gets legs instead of a tail. In the process, Aqua turns around to the sea witch. "I want legs too." she said. "Then I want your sight." the sea witch says. "Aqua, are you insane?" Ariana said. "I need to protect her." Aqua answers and she signs a contract. Aqua is then blinded and she also gets legs. Ariana, Alice and Alexa then drag the two of them to the shore. "Aqua, Ariel. You two need to be sure that the prince falls in love with Ariel, so you two will stay alive. We're going to King Triton to fix things." Ariana said when they heard someone coming. "Quick, hide." Alexa said and she, Alice and Ariana dived under water. "Hello." Aqua said. A blond boy walked up to them and said: "Hello." Ariel also tried to talk, but she couldn't. "Is everything alright?" he asked. "She lost her voice." Aqua said. Then the boy saw it, Aqua was blind. "Let me take you to the palace." "Thanks." 8. Henry discovers it

Don't own H2O or OUAT

Chapter 7, Henry discovers it.

Present day

After Henry went to see Emma, he decided to go to the beach. When he got there, he saw four girls standing there, with one of them being Bella, he recognized. Then, right before his eyes, they all jumped into the ocean with their clothes still on. "What the heck?" He said. Then he saw four golden mermaid tails coming above the surface. "Ah. Now I get it. They are also from a fairytale. But where is the fifth one?" He asked himself.

Fairytale land

Aqua and Ariel walked with the boy to the palace when he started talking. "My name is Eric. What are yours?" "I'm Aqua and my sisters name is Ariel." Aqua answered. "Where are you from?" "A place far away." Aqua said and the three of them got by the castle. "I'll make sure that you get a nice room here and some clothes." Eric said and he walked away.

Ariana, Alice and Alexa swam beneath the sea. "C'mon. We need to get to King Triton." Ariana said. "Are you sure that's a good idea? I mean, we can also tell him in a few days." Alexa said. "What do you mean Alexa, it's important." "Alexa's right. We tell him when things go wrong. I'm sure that Aqua and Ariel can handle themselves." Alice said.

9. Charlotte

Don't own H2o or Once Upon a Time

****Hs 8, Charlotte****

Present day

I can't believe that they are here. This is my place. It was worse enough that they took my powers and Lewis away from me. Charlotte thought when she walked to the beach. When she got there, she saw Henry looking at something. What's with him. Charlotte wondered and she took a closer look. To her shock, she saw Emma, Cleo, Rikki and the other blond girl standing at the beach. "What the..." She said when the four of them dove into the water and four golden tails came above the water. "This can't be serious. They didn't want me as a mermaid, but they took another girl in?" Charlotte said suprised. I bet that's the reason why they all had a blue stone as a necklace instead of the lockets. Charlotte started walking away. I wonder what will happen tonight to them with the full moon that's on. Charlotte thought and then a plan started to come up to her.

Fairytale land

Aqua and Ariel walked with Eric to the castle. When they got there, Ariel got a really pretty pink dress, while Aqua got the same one, but it was orange instead. When they walked into the dining room, Eric couldn't stop staring at them. "Ahem." Grimbert said. Eric then looked the other way, but not before looking at Aqua again. "Dinner is ready." Grimbert said and the all sat around the table. "Well, where do you girls come from?" Grimbert asked them. Aqua didn't know how to answer that and said: "We don't remember that. Ariel and I only know our names, but the rest is blank." "Too bad." Eric said as he looked at Aqua. At that moment, Ariel saw a fork and started to do her hair with it. "Um, what are you doing?" Grimbert asked. Ariel looked at him and she puts the fork down. Grimbert then took his pipe and wanted to smoke, but Ariel made clear with some sign language that she wanted it. "Here you go." Grimbert said and Ariel blew so hard on it, Grimbert was covered with it. "Hahaha." Eric and Aqua both started laughing.

10. The full moon

Chapter 9 The full moon

Present day

"Is everything ready for tonight?" Lewis asked the other boys. "Yes, it is. The girls can't see the full moon when here." Ash answered. "Okay, because it's really important, since we're new here." Lewis said. "You can come in now." Zane said and he hold the door open for Rikki, Emma, Cleo and Bella. They came out of the bathroom which was already covered. "Thank you." Cleo said and she gave Lewis a kiss. "Get a room you two." Rikki said disgust. "No way Rikki." Lewis said smiling and he gave his girlfriend another kiss. "When will the moon set?" Emma asked. "In five minutes." Ash answered her. "Okay." Emma said to him.

About two hours later, the group was discussing which movie to see next. The girls wanted to see Blind date, the boys chose for The Hangover part one. Then someone knocked on the door. "Cover your eyes." Will said and he opened the door. "Hello." He said to a redheaded girl. He knew her, but didn't know from what. "Hey. My name is Charlotte. According to the Ruby, this is the room where Cleo, Emma and Rikki are staying." She said to him. "Charlotte?" Cleo blurted out and she looked up. What she didn't expect was the moon light that shined through the window that was across the door. Cleo stood up and went over to her. "Why are you here?" she asked. "I'm here to apologize." Charlotte answered. "I don't believe you." Cleo said and she pushed her away. "Hey." Charlotte shouted. "Cleo wait!" Lewis yelled at her, but Cleo ran away. "Cleo!" The other three girls screamed and they saw the moon too. The boys tried to stop them, but they pushed them away. Bella even glued their shoes on the floor so that they couldn't follow them. "Please Charlotte. Go after them. They could hurt themselves, or even other people." Zane begged her. "All right." She sighed and she started going after them.

Charlotte walked downstairs when she bumped into Ruby. "Hey Rubs." "Hey Charlotte. I have a question for you. Why did those girls run towards the ocean calling for the moon?" "They had a drink too much." Charlotte said to her. "I actually need to go now. Bye Ruby." "Bye Charl."

Fairytale land

Eric took Ariel and Aqua for a ride through the town. Since Aqua couldn't see, Eric let her feel the things around her. He explained what everything was to them and when some music started playing, Ariel took his hand and they started dancing. Aqua listened sad to the music, but her face cleared up when Eric took her hand to dance. Later that night, he wanted to take them for a boat ride. "I don't want to go. I'm sorry." Aqua said and Eric took only Ariel.

Out on the water, Eric almost saw Alice when she started looking for them to see if they kissed already. Instead of that, Ariel pulled him away and he gave her a kiss. At that moment, Ariel got her voice back and she hugged Eric tight. Aqua was in her room at the castle and she got her eyesight back. "They kissed." She whispered and then she let herself fall on the bed, crying.

Don't own any of these characters, which is something I really don't like. Just three more weeks for the next half of season 3 of Once Upon a Time. I can't wait!

Chapter 10 What's happening to Charlotte?

Present day

Cleo, Rikki, Emma and Bella ran out of Granny's when they bumped into the mayor Regina. "Can you help us?" Cleo asked her. "I don't know. But when you ask the question, I maybe can." Regina said. "Do you know the quickest way to the beach?" Emma asked sweetly. "You only need to follow this road and at the end of it, you have to go to the left. That's it." Regina explained. "Thank you." Bella said to her and she and the other girls started running. "I know them. They must be the mermaids. But I thought they were still in the enchanted forest." Regina whispered and she started going to the beach.

Charlotte was running in the direction of the beach, but she was too late. She saw the four girls jumping into the water and was horrified when she saw Regina coming this way too. Charlotte ran to her and started talking: "Hello mayor. It must be a coincidence that I bumped into you, because I wanted to ask you a few things." "Can it wait till tomorrow Charlotte? I need to do something important." "May I know what?" Charlotte asked her. "No, it's something personal." Regina told her and she started walking again. "But—" "No buts Charlotte. If you need me, you can come tomorrow to my office." Charlotte knew that Regina wasn't going to listen to her, so she backed off. Instead of distracting her, Charlotte walked to the sea. "Help me." She heard someone calling. "Who's there?" Charlotte asked when Cleo's head got out of the sea. "Cleo?" "Ariel, we need you." "Who is Ariel?" Charlotte asked when a water tentacle got out of the water and pulled her in. "Hey!" Regina shouted as she saw Charlotte disappearing into the water. The tentacle made sure that Charlotte had enough air when she got pulled towards an underwater cave. Emma, Bella and Rikki were there already when she and Cleo surfaced. "What the hell are you four thinking you're doing." "Will you be so kindly to explain everything Alexa?" Rikki asked. "Of course Alice." Bella answered. "You see Ariel, when you got your legs, the natural order got mixed up. Even our tails got a new color, which isn't the right one. So we are going to turn you into a mermaid again." Charlotte couldn't believe what she just heard. But before she could complain, the mermaids put her in the middle of them and the water started bubbling like the moon pool. But instead of blue bubbles, the pool got purple bubbles and everything went black for Charlotte.

Fairytale land

"I did it!" Ariel yelled as she got to Aqua's room. "I noticed." Aqua said. "Congratulations sis." "Eric and I are going to give a big feast to tell everyone that we are engaged." "This soon?" Aqua said surprised. "Yes, it is true love." "Aren't you forgetting a little thing?" Aqua asked her. "Like what." "Telling mum and dad?" "I'll just ask Alice, Ari and Alexa if they want to break the news to them." Ariel told her. "You can't do that. They are going to kill the both of us for this." "They can't come on land. So it will be a bit hard to kill us. Hey Aqua, know that you got your eyesight back, how about looking for a cute boy yourself?" "I don't want to." "Just look

for someone." Ariel said. "How can you be so selfish? Can't you think about someone else but you." Aqua said mad. "I gave up everything for you, so you could get your true love." "I never asked you to give up your tail for me. Just don't give me guilty feelings all right." Ariel yelled at her. When she looked into Aqua's eyes, she noticed something. "No way, you love him too, don't you?" She asked her. "I don't know what you mean." Aqua answered a little too quickly. "I need to go now." Aqua said and she walked out of the room. "Don't you dare to go to Eric!" Ariel yelled. "Trouble sweetie?" a female voice said. Ariel turned around and saw a woman with black hair and black clothing standing in her room. There was something familiar with her, but Ariel didn't know what. "Who are you?" She asked.

Aqua ran out of the castle and into the forest. She stopped by a little lake and sat next to it, crying. "Problems dearie?" A voice suddenly laughed. Aqua turned around andâ€¦

12. The Pearl of the Ocean

Heey people, I am so sorry that I haven't updated for so long. I know, I am an idiot sometimes, okay, most times. What do you guys think of the new episodes of Once? I really like them. But I'm going to start the new chapter now

Present day

Charlotte's p.o.v.

"Charlotte, wake up." I heard. "Five more minutes." I mumbled. "Charlotte, it's me, Lewis." "Lewis?" I asked as I opened my eyes. I looked around and saw that I was on the beach. I got up and a pain shot through my head. "Charlotte, can you please tell me what happened last night? The girls got back, but they didn't know what has happened." "I only remember that they ran into the water and that they made some sort of water tentacle. They went to a new moon pool and they called me Ariel. The four of them get on rumbling about the natural order being mixed up, so they got me a tailâ€¦" my eyes went huge when I said that and so did Lewis. "Let's test this." He said to me and we both walked to the water. I walked into it and after ten seconds, I felt the familiar feeling. As soon as the transformation was over, I, of course, fell over. I looked at my tail and was shocked to find it purple, instead of the usual orange color. I looked up at Lewis and he was almost even more shocked than I was.

"Aha!, I knew it!" we both heard someone yelling. I looked up and I saw Henry coming from behind a bush. "Henry. What are you doing here?" I asked him. "I was searching for proof, so that Emma will believe in the curse." I started to panic. "Henry, please don't tell anyone about this." I asked him. "But, what about the curse?" he asked. "I'll make you a deal, I will help you with Emma, but only if you don't tell anyone about this." Lewis looked at me, a bit doubtful, but Henry took my hand and said yes.

Fairytale land

"Who are you?" Ariel asked. "My name is Regina and I am the queen of the Enchanted Forest." "What do you want?" "Come come, isn't it rude to greet a queen like that." "I guess soâ€¦ But you still haven't

answered my question." "I want the Pearl of the Ocean from you, mermaid." "Howâ€¦" "Did I know that? It's simple, I have magic. With that, I can turn you back to your original form." and with a wave, Ariel got her tail back. Only this time, it was orange, instead of purple. "Yelp." Screeched Ariel as she fell over. She looked up and said: "Please turn me back. I need to be here, with my true love." "Aww sweetie, true love is so underrated. But I promise you that I will give you your legs back and that they will be permanent." "What do you mean, by permanent?" "I mean that your sweet sea witch only gave your legs for a few days. With me, you and I can each have our own happily ever after."

Aqua turned around and she saw a man standing behind her. "Who are you?" she asked him. "Rumpelstiltskin is the name, miss Aqua." "How do you know my name?" "Oh dearie, I know many things. For example, I know that you gave up your tail for your sister and that you fell in love with her prince. But it isn't about this that I came to you." "What do you want?" Aqua asked suspicious. "I can turn you back into a mermaid, but you have to bring me the Pearl of the Ocean." "The pearl? But that's forbidden. Only royal mermaids are allowed near it." "And I want it. I'll make you a deal. You bring me the pearl and I will give you a potion to forget your love." "There is a cure?" Aqua asked. "Yes dearie, it will take away your feelings and memories of the one you loved. But first, you will bring me the Pearl. Do we have a deal?" Aqua thought about it and then said: "We have a deal." Rumpelstiltskin smirked and he concurred a contract. "But before I sign, can you give me my tail back?" "Of course dearie, without it, you can't even get my Pearl for me." Aqua signs the contract and magic starts twirling around her. She gets a tail, but it is yellow, instead of the normal orange color. Rumpel waves with his hand and Aqua is transported into the oceanâ€¦

I hope you guys enjoyed this chapter. I don't know when I will update again, but as you probably already noticed, I don't update frequently. Thanks for reading and don't forget to review this story!
